A N N U A L R E P O R T.

Year 1934 - 35.

-o-o-o-o-o-o-o-o-o-o-o-o-o-

I have again much pleasure in submitting this my fifth report.

Nurse Pollard has carried out her duties to the entire satisfaction of the Committee. During the year she has paid 2,054 visits, which is 58 more than last year.

These include:-	General Nursing	760
	Midwifery	138
	Anti Natal	142
	Health	347

The number of cases attended was 69, of these 8 were Midwifery.

I am sorry to say that on March 31st. the number of subscribers 110, was the lowest on record. This is accounted for partly, owing to the death of several regular subscribers, and also to the increasing depression in the District.

Our thanks are again due to Mr. & Mrs. Kenneth Hallam who have been most kind in collecting through their Guests £12--0--8 during the year, which is a great financial help to the Association.

The Bazaar which was held in February realized £31--4--0, such a satisfactory result being due to the untiring efforts of each one of the Committee, and also of other helpers, to make this a success.

In January a new Bicycle was provided for the use of the Nurse.

There is one matter which I would like to make clear to all members.

An idea exists amongst some, that

the Midwifery fees, collected by the Nurse from each case are retained by her. This is not the case. The Nurse is paid an annual Salary, which covers all duties in district and any fees collected by her are handed over to the Association.

In conclusion I again wish to thank all the Collectors and the Committee for the great help they have given during the year.
